The figure is a scatter plot titled "Shimane". The x-axis is labeled "t2m number\_of\_min\_3\_day\_below\_5\_downwaves" and ranges from 0 to 4. The y-axis is unlabeled but has a grid. The plot shows a large number of data points at x=0, with a few points at x=1, x=2, x=3, and one point at x=4. The data points are colored red, blue, and purple. There are three fitted lines: a red line, a blue line, and a purple line. The red line shows a slight upward trend, the blue line is nearly horizontal, and the purple line shows a significant upward trend.
