Death rates by state fitted by month 1981–2009 against t2m days_changing_by_5 : Women 85

This line plot, titled "Osaka", displays the time series of "t2m days_changing_by_5". The x-axis represents time from 0 to 6, and the y-axis represents the value of the variable. The plot features multiple colored lines (blue, red, purple) and a dense cloud of small dots of the same colors. The lines show varying trends: some are relatively flat, while others show a slight upward or downward slope. The dots are concentrated at the beginning of the time series (x=0 and x=1) and become more sparse as time progresses.
