Death rates by state fitted by month 1981–2009 against t2m days_above_30 : Women 75

The figure is a scatter plot titled "Saga". The x-axis is labeled "t2m days_above_30" and ranges from 0.0 to 10.0 with major ticks at 0.0, 2.5, 5.0, 7.5, and 10.0. The y-axis is unlabeled. The plot contains two main groups of data points: a dense cluster of blue points at x=0 and a set of red points scattered across the x-axis. Two dark red regression lines are plotted: a horizontal line at approximately y=1.5 for the blue points, and a slightly upward-sloping line for the red points, starting at approximately y=1.5 and ending at approximately y=1.8 at x=10.0.
