The figure is a scatter plot titled "Chiba". The x-axis is labeled "t2m days\_above\_30" and ranges from 0 to 3. The y-axis is unlabeled. The plot shows a large number of data points, mostly concentrated at x=0. There are also points at x=1, x=2, and x=3. Three red lines are plotted, representing different linear fits to the data. The first line has a steep negative slope, the second line is nearly horizontal, and the third line has a shallow negative slope.
