

## 15 1 state-month intercept

State

A horizontal bar chart illustrating the percentage of the population aged 65 and older across the United States and the District of Columbia. The x-axis represents the percentage of the population, ranging from approximately 11% to 25%. The y-axis lists the states and the District of Columbia, grouped into four rows. Each state is represented by a colored bar, with the color corresponding to the state's name listed next to it. The states are ordered by their percentage of the population aged 65 and older, from highest to lowest.
